Healthcare Information Technology Consultation, Implementation and Optimization

For over 15 years, health care leaders have chosen Pathway Health to optimize clinical, financial and regulatory performance, ultimately leading to improved quality, reimbursement and compliance outcomes. Our ePath team provides customers a depth of knowledge unparalleled in the industry. Our trainers not only understand the software and all of its components, but our team of ePath trainers are clinical and operational long term experts – not just an IT professional. Pathway Health provides certified, experienced, ePath consultants to manage EHR rollouts in independent facilities or corporate groups. They assess current clinical systems, whether paper or electronic and provide an organized plan to transition to a new EHR system.

- Implementation
- Optimization: Clinical, Financial, Reimbursement
- EHR Products
- Education and Training
